Cloud is the way to go!

In today's well-connected business landscape the cloud technology has emerged as a valuable option for businesses with limited IT resources. Cloud-based solutions give you immediate access to technologies and resources without any upfront capital investments. And because these solutions are highly scalable, they can quickly adapt to changing business needs; giving you the freedom to operate at your own pace.

When it comes to business faxing we have you covered!

Sagemcom, as a global fax industry leader with XMediusFAX®, is now offering a turnkey, cloud-based fax solution as part the of Xerox® ConnectKey® Technology ecosystem. This virtual fax kit solution is compatible with and accessible from a wide spectrum of Xerox® Multifunction Printers (MFPs) and does not require any fax board, parts and service labor.

XMediusCLOUD fax App for Xerox® ConnectKey® Technology

XMediusCLOUD fax app enables end users to send or receive faxes directly from a Xerox® ConnectKey®-enabled MFP or as an option through an email application (Microsoft Outlook, Exchange, etc) from basically anywhere in the world!

No more IT headaches

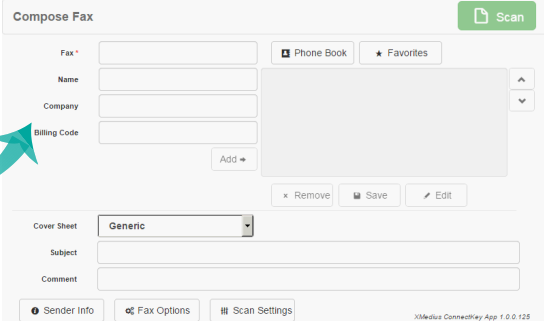

XMediusCLOUD fax app simplifies and eliminates the IT burden associated with installation, configuration and maintenance of fax kits by providing access to a redundant, high-availability cloud-based faxing solution with no additional infrastructure expenditure such as maintenance and upgrades.

Pre-Paid gives you freedom!

As a customer you only pay for what you use with different pre-paid fax credit bundles available to meet your needs. XMediusCLOUD fax app debits the customer account for each page of fax the company sends or receives.
